

INDEX

Articles marked with a † were published in the proceedings of the New York Academy of Medicine, Section on Laryngology and Rhinology. Those marked with an * were published in the proceedings of the Philadelphia Laryngological Society, and those marked with a ‡ were published in the proceedings of the American Laryngological Association.

ARTICLES.

- | | |
|---|-------|
| A | |
| Abscess, cerebellar; symptoms and differential diagnosis,—Kerrison, P. D..... | 1327 |
| Acidosis; its importance in nose and throat surgery in children,—Johnston, W. H..... | 1093 |
| Acoustic nerve, diagnosis and treatment of syphilitic affections of, with special reference to the use of salvarsan,—Davis, G. E..... | 1065 |
| Air pressure in the nose to ear disease, the relation of,—Durkee, J. W..... | 1268 |
| Angina, Ludwig's, ruptured aneurysm into the mediastinum and deep cervical fascia with symptoms of; report of three cases,—Holmes, E. M..... | 1246 |
| Auditory re-education, Harris, T. J. | 1189 |
| B | |
| Bleeding in tonsillectomy, the use of "tissue juices" for the control of,—Greene, J. B..... | 1254 |
| Bleeding polypus of the nose, turbinal origin of,—Matsui, T..... | 109 |
| Brain abscess from chronic supuration in the frontal sinus; case report,—Berens, T. P..... | 1083 |
| Brain abscess, conduction aphasia in a case of,—Amberg, E..... | 1275 |
| Bronchoscopy, sudden death during; preliminary report of a physiological study,—Imperator, C. J..... | 1257 |
| Bronchus, removal of the root of a tooth from the right lower, impacted for three months,—MacKenty, J. E..... | †1125 |
| C | |
| Calculi, salivary; three cases of,—Haskin, W. H..... | 1031 |
| Carcinoma, present status of, with special reference to the head and neck,—Beck, J. C..... | 1158 |
| Cavernous sinus thrombo-phlebitis, double, secondary to middle ear infection without involvement of the mastoid or the other venous sinuses,—Crane, C. G..... | 1283 |
| Cavernous sinus thrombosis, double, following obscure mastoiditis,—Patton, W. T..... | 1296 |
| Cholesteatoma, extensive, following the Luc-Caldwell and Killian operations, simulating sarcoma,—Dabney, V..... | 1302 |
| Cleft palate and hare-lip,—Smith, O..... | ‡209 |
| Cyst or accessory thyroid,—Abrahams † | 63 |
| D | |
| Deaf child, psychological study of the,—Goldstein, M. A..... | 1129 |
| Deaf children, some notes on the experimental treatment of three congenitally, with sonorous vibrations,—Hubby, L. M..... | 1152 |
| Deafness, catarrhal, with suggestions as to treatment,—Dixon, W. E..... | 969 |
| Diphtheria of the tracheobronchial tree, treatment of,—Lynah, H. L..... | 158 |
| Diphtheria, tracheobronchial,—Lynah, H. L..... | 1193 |
| Drum membrane in purulent otitis media; new method of opening by means of a trephine,—Guttman, J..... | 1043 |
| E | |
| Ear protector, individual paper,—Olsho, S. L..... | *1389 |
| Eighth nerve neuritis with interesting galvanic findings; a case of,—Mackenzie, G. W..... | 986 x |
| Endocrinology and otorhinology, connecting links between,—Harrower, H. R..... | 1105 |
| Enucleating tonsils, bloodless method of,—Smith, E. T..... | 113 |

L616.051

L32

248353

167463

- Epithelioma, extensive, of the nasal structure and appendages,—Freudenthal, W. †1187
- Esophagoscope, Mosher's,—Ridpath, R. F. *1389
- Esophagus, carcinoma of the, perforating into the right bronchus,—Guttman, J. †1124
- Esophagus, stricture of, in an infant two years old,—Arrow-smith, H. †1314
- Ethmoid curette,—Faulkner E. R. †1326
- Ethmoid, mucocele of,—MacKenty, J. E. †930
- Ethmoidal region, malignant hypernephroma of,—Arrow-smith, H. 909
- Evolution of the specialist in otolaryngology,—Wishart, D. J. G. 57
- F**
- Fifth nerve, disease and surgery of the,—Barnhill, J. F. 1351
- Foot switch, an electric,—Bryant, Alice G. 1383
- Foreign body in the throat of a child three and one-half months old,—Robertson, C. M. 192
- H**
- Hay-fever, observations on the treatment of, with report of 24 cases treated with pollen solutions and 22 cases treated with calcium chlorid,—Wilson, H. 937
- Hemorrhage from the ear, report of a case of spontaneous,—Shapleigh, J. B. 1241
- Hemorrhage, secondary, following posterior tip operation. Description of sodium citrate method of blood transfusion,—Hays, H. and Lewisohn, R. 124
- Hemorrhage in more extensive operations on the nose and jaws, control of,—Dean, L. W. 913
- I**
- Infections of the ears, nose and throat as primary foci for secondary infections,—Crane, C. G. 1099
- Injuries of the nose from football and other sports, dangers of neglect in,—Delavan, D. B. †67
- Instruments, new; tonsil suture needle; brain knife,—Sullivan, Jr., J. J. 924
- Intubation tubes, a simple method of fixation of,—Iglauer, S. 1089
- Intranasal treatment of affections more or less remote from that organ,—Mayer, E. 81
- J**
- Jackson's positive radiograph film for locating foreign bodies in the bronchi,—Arrowsmith, H. †1325
- L**
- Labyrinth operation, indications for; with report of three cases of meningitis,—Perkins, Chas. W. 1012
- Labyrinthectomy, unsuccessful, for relief of distressing tinnitus aurium,—Duel, A. B. †202
- Laryngeal stenosis following removal of papilloma; cured by dilatation and Rogers' intubation tube,—Harris, T. J. †1114
- Laryngeal tuberculosis, a plea for the electrocautery in the treatment of,—Iglauer, S. 1237
- Laryngectomy, hemi, for malignant disease; description of new operation with report of six cases,—MacKenty, J. E. †206
- Laryngectomy, three cases of total,—MacKenty, J. E. †930
- Laryngectomy for carcinoma,—MacKenty, J. E. †1120
- Laryngectomy for carcinoma,—McCoy, J. †1318
- Laryngectomy,—Kernan, J. D. †933
- Laryngectomy; seven months after operation,—MacKenty, J. †1322
- Laryngoscopy, bronchoscopy and esophagoscopy, straight direct,—Johnston, R. H. †136
- Larynx, stenosis of the, due to traumatism,—Carter, W. W. †63
- Larynx, a case of chronic stenosis of the,—Lynah, H. L. †67
- Larynx, epithelioma of, treated by radium,—Coakley, C. G. 1250
- Larynx in one hundred cases dying of pulmonary tuberculosis. A clinical post-mortem study,—Fetterolf, G. 37
- Larynx, lupus of,—Stimson, G. W. 49
- Larynx, tuberculosis of, with special reference to the use of tuberculin,—Hastings, H. 896
- Leprosy, tubercular, involving the upper air passages,—Arrowsmith, H. 188
- Lung, abscess of, following operation on the tonsils and upper air tract,—Richardson, C. W. 1001
- Lung, abscess of, following tonsillectomy, Coakley, C. G. 1008

- Lung abscess following tonsillec-
tomy, occurrence of; report of
nine cases,—Manges, M.†1056
Lung, syphilis of,—Hays, H. 190
Lupus treated by radium, a case
of,—McCoy, John.†1119

M

- Mastoid abscess, blood-clot meth-
od of closing the wound in op-
erations for simple,—Wheelock,
K. K. 93
Mastoid bone, streptococcus mu-
cosus capsulatus infection of,—
Loughran, R. L. 962
Mastoid operation, the ideal,—
Reik, H. O. 99
Mastoiditis, some remarks on the
x-ray diagnosis of,—Amberg,
E. 7
Mastoiditis, tubercular, with se-
quellae; multiple operation;
complete recovery,—Culbert, W.
L. 1346
Meningitis of otitic origin, opera-
tion; recovery,—Coates, G. M.†1191
Meningitis, cerebrospinal, of otitic
origin; spontaneous recovery
in,—McCullagh, S. 1238
Mikulicz's disease, a case of,—
Olsho, S. L. 918

N

- Nasal conditions, cases in which
emetin was used for,—Macfar-
lan, D.†1000
Nasal deformity, correction of de-
pressed, by transplantation of
conjoined bone and cartilage;
author's operation, intranasal
method,—Carter, W. W. 981
Nasal deformity corrected by bone
transplantation,—Arrowsmith,
H.†1188
Nasal fibroma, a case of,—Smith,
H.†1232
Nasal reflex, a case of curious;
sneezing and vomiting due to
presence of a nasal spur.—
Hazlehurst, Jr., F. 990
Nasal stenosis,—Arrowsmith, H.†1309
Necrosis, luetic, of the upper jaw
and nose,—Kernan, J. D.†1118
Nose and antrum, membranous
infection of the, resulting fa-
tally,—Kauffman, A. S.†1192
Nystagmus, some observations on
turning,—MacKenzie, G. W. ‡211

O

- Occluded right nasal passage; ap-
paratus now applied to correct
by spreading upper dental arch,
—Bogue, E. A.†1185-1186
Operations, end results of two
radical Killian,—Skillern, R.
H.†1390
Otology, review of recent progress
in,—Richards, G. L. 1
Otolaryngology to other special-
ties, relation of,—team work,
—Beck, J. C. 177

P

- Pansinusitis, unusual findings in
a case of radical operation for,
—McCoy, J.†1127
Papilloma of the nose, Callison,
J. G. 153
Papilloma, multiple, of the
larynx,—Coakley, C. G.†1310
Papilloma of the uvula, Wagers,
A. J.†1390
Papilloma, subglottic,—Ersner,
M.†1390
Paralysis, right adductor,—Hurd,
L. M.†934
Paratonsillar gland after tonsil-
lectomy, hyperplasia of the,—
Hays, H. 1380
Pemphigus of nose and throat due
to the streptococcus hemolyti-
cus; treatment with autogenous
vaccine,—Haskin, W. H. 984
Phantom tumor,—Forbes.†1321
Pharynx and larynx, diffuse dia-
betic ulceration of the,—Arrow-
smith, H. 1177

R

- Removal of fragment of trache-
otomy tube from the lung six
years after its inspiration,—
Packard, F. R. 1371
Results of the implantation of a
solid block of paraffin for the
correction of a deformity fol-
lowing the frontal sinus op-
eration,—Skillern, R. H.†999
Rhinoscleroma; two cases,—Ker-
nan, J. D.†1189

S

- Salivary calculi,—Freudenthal,
W.†1315
Salivary glands in health and dis-
ease, some investigations on,—
Carmody, T. E.†139
Sinus, frontal, carcinoma of,—
MacKenty, J. E.†930

- Sinus, frontal, perforating wound of, resulting in meningitis and death; report of a case,—Carter, W. W. 979
- Sinus conditions, frontal, radiographs of,—Meierhof 934
- Sinuses, accessory, value of the Roentgen rays in the diagnosis of diseases of; with new technique for the sphenoid—Pfahler, G. E. 1018
- Sinuses, accessory of the nose, in their relation to the cranial nerves,—Kaempfer, L. G. 1034
- Sinusitis, unusual dental case simulating antral,—Decherd, H. B. 194
- Sinusitis, frontal and maxillary, and sequelae due to staphylococcus pyogenes albus,—Opdyke, R. 1131
- Soft palate and uvula in tonsillectomies, injury to,—Thompson, J. A. 196
- Speculum, improved Killian, for operation on the Antrum of Highmore; description of operation,—Sullivan, Jr., J. J. 922
- Speech, concerning the articulo-respiratory disturbances of,—Glogau, O. 869
- Stenosis, esophageal, due to nitric acid,—Macpherson, D. 1134
- Suspension laryngoscope, improved illumination for the,—Imperator, C. J. 1185
- Suspension laryngoscopy, a resume of my year's work with,—Lynch, R. C. 1360
- T**
- Telephone ear, a case of,—Babbitt, J. A. 1390
- Temporal bone, fracture of the tympanic plate of the,—Keeler, J. C. 999
- Thyrotomy,—Kernan, J. D. 932
- Tic douloureux of sphenoidal inflammatory origin, two cases of,—Sluder, G. 122
- Tinnitus aurium, a case of objective,—Coates, G. M. 1390
- Tongue, black hair,—Arrowsmith, H. 166
- Tonsillectomy under local anesthesia, death following,—Coates, G. M. 1191
- Tonsillectomy, general surgical principles as applied to,—Marshall, W. 1374
- Tonsilloscopy and curettage of the tonsils in adults,—French, T. R. 1388
- Tonsil operation—an inquiry into the actual results observed in a series of cases,—Wishart, D. J. G. 75
- Tonsil operation that minimizes hemorrhage,—Voislowsky, A. P. 128
- Tonsils, simple method of removing, under local anesthesia,—Hays, H. 935
- Tonsils, expressly hypertrophied, causing unusual symptoms,—Lewis, F. A. 1000
- Trachea, stenosis of the; primary endothelioma, — Freudenthal, W. 993
- Trachea, impacted foreign body in the,—Imperator, C. J. 1176
- Traumatic destruction of the tip and soft part of the nose,—Kernan, Jr., J. D. 1321
- Turbinate, galvanocautery operation for the lower,—Sluder, G. 166
- U**
- Upper respiratory passages in habitual users of cocaine and heroin,—Ridpath, R. F. 53
- Uvula, further study of the tumors of the; considering their frequency, malignancy and recurrence with a report of one additional papilloma (exclusive of angioma),—Stout, P. S. 1075
- V**
- Vertigo of labyrinthine origin following a chronic suppurative otitis media with cholesteatoma,—Emerson, F. P. 150
- Vincent's angina, a case of,—Hurd, L. M. 934
- AUTHORS.**
- ABRAHAMSON—Cyst or accessory thyroid 63
- AMBERG, E.—Some remarks on the x-ray diagnosis of mastoiditis. 7
- AMBERG, E.—Conduction aphasia in a case of brain abscess. 1275
- ARROWSMITH, H.—Black hair tongue 166
- ARROWSMITH, H.—Tubercular leprosy involving the upper air passages, a case of, 188
